

Our material compositions are as individual as your requirements. The ideal composition of polyurethane, resin or rubber with the corresponding grain guarantees the perfect result. Regardless of whether initial equipment, tools with a long service life, economic variants or special glass: you decide what you need, we have the matching series.

## THE INEXPENSIVE ONE: SERIES EK – UJ

A mixture of grinding and polishing abrasives merge to an economic peripheral wheel in a polyurethane bond.

## EDGE PROFILES

Bull Nose

## MACHINES

CNC Machines
